**Yann Sciberras is an artist before he is a painter. Attached to his brushes since the age of 6, he made his debut in the world of Rock-Punk music without ever being able to leave this visceral need for expression through drawing and colour.**

**After a career as a singer and songwriter within the GROOVYTHINGZ band, he decided to devote himself entirely to it since 2010. Communicating, writing, sharing are the driving forces behind her inspiration.**

**Witness of his time, his works recount current events, combine key words and symbols to give complete freedom to interpretations and projections. Each work is a mirror that respects everyone's freedom of thought.**

**Nourished by Jean-Michel Basquiat, Jean Dubuffet and Keith Haring, Yann Sciberras has created a highly recognizable style that places him at the heart of the « free figuration » movement and in the category of so-called « actualist » artists.**

**Yann Sciberras uses his brush to paint with strength and dynamism works that speak with power, refusing to allow indifference to take its place. It features offbeat characters, his modern-day heroes. Incisive, resolutely urban, he uses words as slogans to invite reflection and reaction on what surrounds us.**

**His works are exhibited at the gallery DEBUT CONTEMPORARY at Notting Hill in London.**

**In 2011 and 2012 his frescoes have been installed on line 14 of the Paris metro in partnership with the RATP.**

**Yann Sciberras also performed for HUGO BOSS at the VOGUE FASHION NIGHT OUT in 2012 and painted a canvas for a TF1 report entitled « Retrospective in Painting » that same year, broadcast on December 31 on the 8pm news.**

**Currently, he is participating in the 8th edition of « L'ART AU SOMMET » in Courchevel until 17 April 2017.**

**He will soon customize Hermès and Vuitton bags for ADDICTOCHIC and has worked on the DNA of the Bulthaup brand for which he made a personalized order. Keeping a taste for the stage and the show, he films the realization of his paintings for ARTYCLIP, a new concept of online art gallery that gives collectors the opportunity to witness the genesis of the works. Yann Sciberras dresses mailboxes and traffic lights, a messenger that nothing can stop...**
